FOREWORD

ALPA members fly over 30 different types of aircraft and land at more than 700 airports worldwide on a daily basis. There are ALPA members at every corner of the globe. As international pilots, you know that once you fly outside U.S. and Canadian borders, the rules of the air change quite literally. The same is true for the rules that cover an abnormal event; you cannot be assured that it will be handled in the same manner as in your own country. For that matter, you might not have immediate access to representation.

- Do you know your rights?
- Do you have any rights in the country of incidence?
- What can you expect from the local authorities?
- What are your obligations to report an event?
- Who can you rely on for help?

To help you deal with these kinds of issues, ALPA has compiled IFALPA and U.S./Canadian government consular resources. This guide contains available contact information and known procedural expectations for most countries in the world.

Take this guide with you on your next international trip.

CHANGES IN THIS REVISION

- Updated IFALPA phone numbers
- Updated phone numbers of U.S. embassies and consulates
- Updated phone numbers of Canadian embassies and consulates
- Local addresses of U.S. embassies and consulates, where available
- Local addresses of Canadian embassies and consulates, where available
- E-mail and website information for embassies and consulates
- Contact information for local regulatory authorities

CAUTION

- These are general guidelines. They may not be applicable in every situation.
- Individual discretion and decisions contrary to these guidelines may be required in some locations.
- In the event of conflict between this guideline and your company guidance, your company guidance takes precedence.

Other Notes:

- You are **always** subject to the laws of the country that you are **in**—not the laws of your country of residence or citizenship.
- In the event of an accident, incident, or operating irregularity, it is possible that you will be questioned or detained by the local authorities, with or without representation.
- Please note that for most countries, the investigative agency is likely to be the same government agency as the regulatory agency. If the agencies for a particular country are separate government entities, each agency is listed.
- You may also be subject to enforcement and/or disciplinary action(s) by the local government and/or employer.
- Embassy and consulate information is only provided for U.S. and Canadian citizens. If you have any other citizenship, please research your country's ability to help you on international soil.
- The phone/contact information provided may or may not contain country/city codes or (0) or (1) dialing instructions. The information is from embassy websites (and not always correct in format).
- When dialing a phone number using your U.S./Canadian mobile phone or local phone, it may be necessary to omit or add the following: 011, 0, 1, or the country/city codes. Pay phones may have different dialing instructions.
- To minimize the likelihood of adverse consequences, the guidance within the directory should be followed to the extent possible.

STEPS TO FOLLOW IN CASE OF ACCIDENT, INCIDENT, OR OPERATING IRREGULARITY

1. Once you are assured that the immediate needs of your passengers and fellow crewmembers are being met, attempt to contact your company, ALPA, or IFALPA.

ALPA WORLDWIDE ACCIDENT/INCIDENT HOTLINE

**202 797 4180 OR 703 892 4180
(24 hours, collect call accepted)**

IFALPA (CHERTSEY, ENGLAND) EMERGENCY NUMBER

**44 0 871 732 3110
(24 hours, NOT collect)**

***** If you are not in the United Kingdom, you may need to omit the 0 *****

2. If assistance is needed and you cannot reach your company, ALPA, an IFALPA member association (MA), or a company alliance (code share) partner (e.g., Star Alliance), attempt to contact your embassy or consulate.

NOTE: Try the embassy/consulate listed in the country first. Alternate contact information is as follows:
For U.S. citizens: 1 888 407 4747, or from abroad: 202 501 4444.

For Canadian citizens: 1 800 267 6788, or outside Canada: 613 996 8885 (call collect) or e-mail sos@international.gc.ca

3. Attempt to obtain rest facilities away from the airport for all crewmembers. One option is to request hospitalization.
4. If you are prevented from contacting any source of assistance, or from moving the crew to a hotel or medical facility:
 - Keep your crew together, and advise all of them of the relevant information.
 - Adopt and present a cooperative demeanor.
 - Only if requested, provide your certificate to any authority (transportation, law enforcement, etc.) for examination.
 - Do not allow any authority to permanently retain any certificate.
 - Only if requested, provide oral or written statements.
 - Use sample statement (see page vi), if possible.
 - Keep your responses brief and factual.
 - Avoid conjecture, hindsight, or judgment.
 - Make and retain copies of all documents relating to your flight.
 - Keep these, along with your personal notes, to yourself.
 - Experience has shown that it is frequently valuable to make an aircraft logbook entry, regardless of how inconsequential or obvious the event may appear to be at the time.
 - Normally, company officials are responsible for notifying the appropriate authorities of an accident or incident. You should notify state authorities directly of an accident or incident only if the state mandates that YOU report the event. These states are identified in this document.

SAMPLE STATEMENT (HANDWRITTEN)

I, **(name)**, am employed as a pilot by **(company and location of main office)**. I am based at **(location)**.

I served as the **(captain/FO/IRO/SO)** on aircraft registration number _____, which operated as **(air-line name)** Flight **(number)** between **(airport name)** and **(airport name)** and which departed **(airport name)** on or about **(zulu time, day, month, and year)**. The other crewmembers were: **(list all flight and cabin crew, giving position and crew bases)**.

I am fully qualified and current to serve as a **(captain/FO/SO)** by **(company)** airlines. I am certified by the Federal Aviation Administration **(or Transport Canada)**, certificate number _____, with the following ratings: _____. I possess a valid first-class medical certificate dated _____, with the following limitations and waivers (if any).

I am a citizen of **(country)**, residing at **(full address of legal home of record, including zip code and telephone number)**. My passport number is _____, issued at _____, on _____, which expires on _____. **(Passport information for international use only)**

Option 1 (preferred)

There appears to be an irregularity involving Flight _____. This irregularity is currently under investigation by _____ airlines and appropriate government authorities. I intend to cooperate fully in this investigation. I am not in a position to provide specific factual information at this time. I will provide any facts relating to the irregularity as soon as I can confirm them.

Option 2

At approximately **(time of event)** (FACTUALLY describe incident. For example: "We lost No. 2 engine" or "Smoke filled the cabin," etc.), we made an emergency landing at **(airport name)** and evacuated the aircraft. I have no information as to what caused this problem. I will fully cooperate in any investigation to determine what led to this irregularity. I will provide further facts relating to this incident as soon as I can obtain and confirm them.

INTERNATIONAL DIALING CODES

EXAMPLE: 89 0 89 123 4567

Where 89 is the country code: If you call a number within the country you are in, you will need to include the NDD and the area code.

0 is the access code, which you won't have to dial when you are calling from another country.

89 is the country code in this case of Germany.

A good reference website is: <http://dialcode.org/>.

Legal representation: Crewmembers DO have the right to legal representation during questioning by state authorities.

Event-related drug and alcohol testing: Police/law enforcement CAN compel crewmembers to be blood/breath tested for drugs or alcohol.

Random drug and alcohol testing: Crewmembers ARE NOT subject to random breath testing.

Oral or written statements: A crewmember can refuse to make a statement but may then be subject to prosecution for hiding evidence necessary for the investigation. ANPAC (IFALPA, see below) suggests that crew members involved in accidents/incidents state that "due to post event shock, they are temporarily unable to provide an adequate statement," and that they wait for legal assistance before providing a statement.

Notification: The Company is responsible for notifying the NTSB of an event, incident or accident (see following phone #).

Legal representation: Crewmembers DO have the right to legal representation during questioning by state authorities.

Event-related drug and alcohol testing: Police/law enforcement CAN compel crewmembers of non-U.S. operators to be blood/breath tested for drugs or alcohol. Crewmembers of U.S. operators are subject to company/employer blood/breath testing on behalf of the FAA.

Random drug and alcohol testing: Crewmembers of non-U.S. operators ARE NOT subject to breath testing unless there is reasonable suspicion. Crewmembers of U.S. operators ARE subject to random breath testing—if their company/employer has a testing program in effect.

Oral or written statements: Crewmembers CANNOT be compelled to provide a statement.

Crewmembers CAN exercise their rights against self-incrimination and decline to provide statements— ONLY IF the questioning involves a potential criminal matter.

Reporting location of flight crew: Crewmembers cannot leave accident locale/country until explicitly released by agency with primary jurisdiction.
